

Therapeutic Interventions in the NICU

Tracilyn Urruela

Faculty

Tracilyn Urruela is a pediatric physical therapist and skilled educator who has practiced early intervention since 1993. She has developed both NICU and Outpatient Developmental Follow Up therapy programs as well as an extensive staff training curriculum for this highly specialized area. Her philosophy follows a developmental care and family centered approach. She is T.O.P.S.E.I. (Training for Occupational and Physical Therapy Services in Early Intervention) certified through the University of Florida and is also a Certified Infant Massage Instructor. She is currently the Director of Rehab Services at a hospital in Miami, FL and has been a member of the Pediatric Section of the APTA since 1996.

Disclosures: Financial: Disclosure: Financial: Tracilyn Urruela receives a speaking fee from Education Resources, Inc. for this course. Non-Financial: She has no non-financial relationships to disclose

About this Course

This course focuses on developmental and therapeutic research-based interventions in the NICU. It covers assessment and treatment, transition to home, post discharge follow-up and identification of emerging disabilities. Strategies to optimize behavior, development and feeding of the neonate will be offered in addition to practical approaches to facilitating teamwork and caregiver engagement in the NICU setting and through the transition home.

Objectives

- 1 Describe how neuroembryology of the sensory system develops and how our interventions impact the NICU infant
- 2 Discuss vital information needed before entering the NICU
- 3 Evaluate the developmental level of the NICU infant and implement appropriate collaborative treatment interventions
- 4 Discuss components of a successful feeding in the NICU
- 5 Identify behaviors that may indicate emerging disabilities in the NICU graduate
- 6 List the six developmental steps of staff dynamics when implementing new practices in your NICU

Audience

Physical Therapists, Occupational Therapists and Assistants, Speech Therapists, Dietitians, and Nurses working in the NICU setting.

Course Requirements

Wear comfortable clothing appropriate for floor activities. Please bring a doll (preferably with flexible joints, a baby blanket, a hand towel and washcloth, a baby bottle with nipple.

Help your patients achieve better outcomes.

Schedule – Day 1
