

Feeding Challenges: Sensory vs. Structural vs. Experience

Danielle Carey, MS, CCC-SLP, COM

Faculty

Danielle is a board-certified speech-language pathologist (ASHA) and a board-certified orofacial myologist through the International Association of Orofacial Myology. She specializes in myofunctional therapy, pediatric feeding including infant feeding, tethered oral tissues (TOTs Specialty Training), and childhood apraxia of speech. She is certified as a DIR/floortime provider and certified in Sequential Oral Sensory (SOS) approach to feeding. A proud member of ASHA, ICAP, and the IAOM.

Danielle is also a dedicated clinical instructor for several continuing education companies helping other clinicians advance their knowledge surrounding tongue ties, pediatric feeding, apraxia, and neurodiverse affirming care.

Disclosure: Danielle Carey receives a salary from NC Tongue Tie Center as a treating SLP/COM® and receives compensation as a Clinical Instructor for several continuing education companies. Danielle Carey also receives an honorarium from Education Resources Inc.

Non-Financial Disclosure: Danielle participates in research surrounding myofunctional disorders impact on speech and feeding. (Not sure if this is needed? I have 1 paper published early this year and I am currently working with 6 different teams on other projects surrounding tongue ties and infants, collaborative care in tongue tie management, a systematic review on OMT and feeding and a project on OMT/Airway).

About This Course

Feeding challenges in childhood through adulthood can arise from sensory differences, structural differences, a lack of experience with advanced textures, or all the above. Enhance your feeding knowledge with this holistic approach that acknowledges the role of structural differences, retained reflexes, sensory differences, muscle weakness, and abnormal breathing/rest posture/swallow patterns on mealtime participation and eating. Determine how to functionally assess for tongue ties and determine when releases are warranted. Learn and embrace a neurodiversity affirming approach that accounts for individual differences including emotional support and counseling techniques that contribute to positive outcomes for clients and families struggling with feeding.

Objectives

- Identify root cause(s) of pediatric feeding difficulty in infants through adolescents
- Differentiate between sensory-based, structurally based and experience-based feeding difficulties from case history review through assessment to prioritize intervention strategies
- Recognize the impact of neurodiverse affirming care to foster a positive relationship based on trust and felt safety
- Determine when and how to best advocate for clients with functional impairments caused by structural differences
- Apply counseling strategies and active-listening techniques to facilitate caregiver collaboration for supporting children with feeding difficulties
- Choose a plan of care to achieve optimal progress with safe and enjoyable feeding based on a client's case history and individual differences
- Utilize play-based treatment to build sensory-based, structural-based, and/or experienced-based feeding skills

Audience

This course is recommended for OTs, PTs and SLPs practicing in the feeding and swallowing population.

Help your patients achieve better outcomes.

Schedule – Day 1 8:40 am to 6:00 pm EST (US)

8:40-9:00 Webinar Registration/Zoom Course Opens

9:00-10:30 Foundational Skills

- Typical Teeth Eruption Patterns
- Breastfeeding & Pediatric Feeding Norms
- Influence of Primitive reflexes on Feeding
- Case history analysis for signs and symptoms
- Key Questions for Parent Interviews

10:30-1:30 Structural Knowledge

- Tongue-Tie Grading
- Functional Tongue – Tie Assessment
- Frenectomy VIDEO (infant, child, adolescent)
- Postural Differences in relation to TOTS
- Active Wound Care Management
- Physical and Emotional Preparation for Frenectomy
- Dental Alignment, Enlarged Tonsils, High/narrow Palate and Compromised Airway

1:30-2:00 Lunch

2:00-4:30 Sensory Knowledge

- Influence of each sense on feeding and swallowing skills: Tactile, Visual, Gustatory, Auditory, Olfactory, Vestibular, Proprioceptive, Interoceptive

4:30-6:00 Experienced-Based Knowledge

- Signs of Readiness
- Preparing a child for introduction of solids, Hard Munchables
- Maintaining Nutrition/Hydration while weaning from bottle
- Baby-Led Weaning: Important considerations
- How to progress a child safely
- Food Selection, Engagement Tips, Counseling Support and helpful handouts

Schedule – Day 2 8:40 am to 4:00 pm EST (US)

8:40-9:00 Webinar Registration/Zoom Course Opens

9:40-12:30 Assessment of Multifaceted Feeding Skills

- Infant Assessment
- Structural & Sensory Assessments
- Interview Questions for Experience Considerations
- We have the data, now what? Interpreting Data from your Assessment. Case Studies (infant, structural, multifaceted)
- Developing a Plan of Care: Working with the Child & Caregiver on developing the most appropriate treatment plan for each individual child.

12:30-1:00 Lunch

1:00-4:00 Treatment: Evidence-Based Intervention Strategies

- Infant Treatment
- Determine priority of deficits – Case Studies
- Treatment for structural differences
- Treatment for sensory-based deficits
- Treatment for experienced-based deficits

Webinar Dates and Times

August 21 and 28, 2026

8:40 am EST • 7:40 am CST • 6:40 am MST • 5:40 am PST (US)

Registration is for both sessions. Zoom log-in instructions and course materials will be emailed/added to your ERI account 5-7 days prior to the first date of the Webinar.

ERI: Life-changing learning

You love what you do. Our courses remind you why. As a therapist, you change lives every day – and have your life changed in return. ERI is life-changing learning, for therapists by therapists.

The ERI Advantage

- Techniques you'll use the next day
- Peers who share your passion
- Renowned faculty
- Evidence-based courses that improve outcomes
- 30 years of life-changing learning

Specialty Tracks

Learn with courses throughout the lifespan – neonatal, pediatric, adult and geriatric. Each ERI specialty track is designed to make the most of your continuing education time, budget, and goals. Start your search with us and plan every course you'll take in 2026.

ERI Rewards*

Your ERI experience is more rewarding than ever:

- First course discount
- Bring a friend savings
- Group discounts
- \$100 off your 4th multi-day course

*Subject to availability. Exclusions may apply. Visit our website for details and coupon codes.

Visit educationresourcesinc.com for all your 2026 course needs.

Credits

This course meets the criteria for 15 contact hours (1.5 CEUs) Intermediate Level. To receive a certificate of completion all registered attendees are required to attend and participate fully in all applicable course activities (i.e., labs, discussions, group work, polls, post-tests with passing grade of 80% or greater etc.) and complete the evaluation form.

Education Resources Inc. is an AOTA Approved Provider of professional development. Course approval ID# 011930. This Distance Learning-Interactive course is offered at 15 contact hours 1.5 CEUs, (Intermediate, OT service delivery). AOTA does not endorse specific course content, products, or clinical procedures.

This course can be used toward your NBCOT renewal requirements for 15 units. Application has been made to the FL Board of Occupational Therapy-CE Broker – 18 hrs. This course meets the approval of the TX Board of OT Examiners.

Education Resources, Inc.
Intermediate level
1.5 ASHA CEUS

ASHA CE Provider approval and use of the Brand Block does not imply endorsement of course content, specific products, or clinical procedures. SLPs that require ASHA must submit your [ASHA participant form to ERI](#).

ASHA credits are accepted by the TX Department of License and Renewal.

Application has been made to the FL Physical Therapy Association for 18 continuing education contact hours. Accreditation of this course does not necessarily imply the FPTA supports the views of the presenter or the sponsors.

Approved by the MD Board of Physical Therapy Examiners.

Approved by the MN Board of Physical Therapy.

Application has been made to the NJ Board of Physical Therapy Examiners.

Approved sponsor by the State of IL Department of Financial and Professional Regulation for Physical Therapy for 18 contact hours. Application has been made to Illinois EI Training Program.

Approved provider by the NY State Board of Physical Therapy for 18 contact hours (1.8 CEUs).
