

Torticollis: Comprehensive Strategies for Assessment and Interventions

Anjali Gupta, PT, MSPT, CLT

Faculty

Anjali Gupta, PT, MSPT, CLT, has been a pediatric physical therapist for more than 20 years specializing in treatment of children with cerebral palsy, torticollis, and NICU. She currently works at Texas Children's Hospital as the manager of Clinical Education and Research. She provides education programming, mentoring, and develops training programs for therapy staff. She served as the co-chair of programming committee for the APTA Academy of Pediatric Physical Therapy for the national Combined Sections Meeting for several years and is currently the vice – chair of the Neonatology Special Interest Group.

Anjali worked closely with the late [Cindy Miles](#) in APTA's pediatric section and she is thrilled to continue Cindy's teaching of Plagiocephaly and Torticollis for ERI.

Disclosure: Financial: Anjali Gupta receives an honorarium from Education resources for this course. **Non-Financial:** She has no non-financial relationships to disclose.

About this In-Person Course

In this interactive NEW course, we will take a more in depth look at assessment of children with torticollis and integrate different treatment approaches. Current functional, clinically oriented evaluation and evidence-based treatment strategies for infants and young children that can be integrated into routines and play will be provided. Learning opportunities will transpire through lecture, case reports, group problem solving, video review, and lab practicum. The extensive use of pictures and videos throughout the 2 days of intensive course materials will allow participants to problem solve and identify movement and tissue impairments related to the diagnosis of torticollis, providing functional ways to evaluate and treat.

Objectives

- Choose evidenced based treatment regimens for torticollis.
- Utilize a comprehensive systems approach to evaluate a child with torticollis.
- Implement strategies to cultivate parent/caregiver's understanding of torticollis' global impact and compliance with the HEP/follow-up recommendations.
- Establish individualized treatment plans including dosing based on severity.
- Integrate vision and vestibular assessment and treatment in the management of torticollis.
- Apply assessment and treatment strategies to treat the flexible bony misalignment.
- Relate upper cervical spine alignment to tight oral tissues.
- Apply interventions to improve postural symmetry in a child with torticollis to facilitate improved feeding, participation in play, and/or functional mobility.

Help your patients achieve better outcomes.

Schedule – Day 1 7:30 am - 5:00 pm Local Time

- 7:30-8:00** Registration
- 8:00-10:30** Assessment
- Taking A History – Why it Matters
- Maternal Factors
 - Medical/Surgical Factors
- Systems Assessment
- Musculoskeletal Alignment
 - Head/Neck
 - UE/Shoulder Complex
 - Rib Cage Alignment and Breathing Patterns
 - Spine (MFS, palpation, range of motion scales)
 - Pelvis
 - Tibia/Foot
 - Breathing Patterns
 - Vision
 - Vestibular
 - Behavioral Cues
 - VBI Testing
- CASE ANALYSIS
- 10:30-5:00*** Interventions: Clinical Pathways/Protocols/Outcomes
- Normal Development
 - Labs
 - Manual Stretching
 - Alignment (OA release, coccyx, O-C2 distraction)
 - Spine, pelvis, wrist, navicular
 - Scar Tissue if Present
 - Fascial Correction (KT, skin rolling, MFR)
 - Functional Range of Motion

*there will be a 1 hour lunch break from 12:00-1:00

Schedule – Day 2 7:30 am - 5:00 pm Local Time

- 7:30-8:00** Registration
- 8:00-10:30** Labs continued
- Trigger Points
 - Functional Strengthening
 - Vision
 - Vestibular
- 10:30-5:00*** Documentation
- Positioning/Including NICU
- Botox/Surgical Intervention
- Pulling it all Together
- Case Studies

*there will be a 1 hour lunch break from 12:00-1:00

Audience

Physical, Occupational & Speech Therapists working in acute care, EI, home health, neurology, NICU, orthopedics or pediatric settings.

ERI: Life-changing learning

You love what you do. Our courses remind you why. As a therapist, you change lives every day – and have your life changed in return. ERI is life-changing learning, for therapists by therapists.

The ERI Advantage

- Techniques you'll use the next day
- Peers who share your passion
- Renowned faculty
- Evidence-based courses that improve outcomes
- 30 years of life-changing learning

Specialty Tracks

Learn with courses throughout the lifespan – neonatal, pediatric, adult and geriatric. Each ERI specialty track is designed to make the most of your continuing education time, budget, and goals. Start your search with us and plan every course you'll take in 2026.

ERI Rewards*

Your ERI experience is more rewarding than ever:

- First course discount
- Bring a friend savings
- Group discounts
- \$100 off your 4th multi-day course

*Subject to availability. Exclusions may apply. Visit our website for details and coupon codes.
