

Contemporary NDT Treatment of the Baby and Young Child

Suzanne Davis Bombria PT, C/NDT

Faculty

Suzanne Davis Bombria, PT, C/NDT brings first-hand practical experience to her courses as she is the mother of a son who has cerebral palsy. She is an internationally recognized therapist and speaker, and is a Neuro-Developmental (NDT) Coordinator-Instructor for the intensive Basic NDT Certification course in pediatrics for physical, occupational & speech therapists. Ms. Davis Bombria currently resides in CT where she treats children of all ages, specializing in intensives and baby treatment. Cerebral Palsy Magazine, NDTA Network & Therapy Skill Builders have published her writings. Her passion for her work, which expands over thirty years as a pediatric therapist and instructor, along with her easy presentation style, provide the theoretical and practical solutions all therapists can apply with their patient population.

Disclosure Financial: Ms. Davis Bombria receives a speaking fee when she teaches for Education Resources. NonFinancial: Ms. Davis Bombria is a member of the instructor group of NDTA

"This course was an excellent way to pull together all of the knowledge I have in pediatrics and I would highly recommend it to therapists of all disciplines."

M. Smith, SLP

About this Course

Learn how to assess and treat babies from birth to 3 years old with known or suspected neuromotor impairments. An emphasis will be placed on the practical application of treatment strategies to gain functional outcomes appropriate for this age group and how to incorporate therapeutic strategies into family life.

Objectives

- 1 Identify sensory-motor issues specifically related to infants
- 2 Apply current research to increase effectiveness of intervention
- 3 Analyze gross motor, fine motor, and respiratory function
- 4 Develop treatment strategies for the infant and toddler that lead to developmental change
- 5 Identify appropriate adaptive equipment for the 0-3 year old
- 6 Discuss family factors and identify practical home program ideas

Audience

This course is designed for Physical, Occupational and Speech Therapists and assistants who are seeking to improve their skills with the 0 - 3 year old population. Course content is not intended for use by participants outside the scope of their license or regulation

Help your patients achieve better outcomes.
