

## TESTIMONIALS

*"ERI brings together very qualified speakers. They organize a good conference with great facilities to provide a comfortable learning environment. I would not hesitate to attend an ERI course in the future" -Susan McCartney, OT*

*"This is the third course I have taken with ERI. Once again, it was excellent, well presented and clinically relevant. The content was appropriate for all practice settings. I had many "light bulb" moments and am excited to put what I learned into practice. I will recommend ERI to all my colleagues." -Christina Ross*

*"It is so refreshing and stimulating to finally attend a course that benefits new and seasoned clinicians. This is the first course that I have taken in 13 years that has provided me with an abundance of clinical applications and realistic treatment ideas. Thank you ERI for providing a terrific learning opportunity with the perfect combination of clinical experience and commitment to research" -Peter Njoroge, PT*
