SPONSORSHIP Opportunities

November 20 and 21, 2025

Dear Sponsors,

Year after year, key decision makers in the field attend Therapies in the School to network and learn of new innovations and opportunities to improve learning outcomes for their students.

This annual event is an excellent opportunity to increase your brand awareness and engage our community of school-based therapists of PTs, OTs, SLPs and special educators. Therapists are a receptive and loyal audience, those who attend the symposium can lend developmental validation to your product and continue to share it beyond the conference.

Companies invest in this event because they recognize that school therapists are passionate about providing the latest and best innovations and tools to the students they serve. They are hands-on in the classroom and are vocal about the products they use and love. This is an exclusive opportunity to get your products and services in front of 500+ therapists.

Following a very successful and well received virtual conference in 2024 that drew over 500 participants from around the country, we're offering you this opportunity to showcase your products in front of this enthusiastic and engaged crowd of therapists.

In the accompanying email, you'll find a link to the conference registration page. This gives you a detailed look at the agenda, speakers and topics.

As part of this year's sponsorship, we're offering a unique virtual sponsorship opportunity on the WHOVA platform. Utilizing WHOVA awards you maximum exposure, connection with attendees and will help to drive ROI. See more WHOVA details on the next page.

Join the ERI community that promotes therapists building connections, sharing ideas and actively learning. We look forward to seeing you at this year's conference. Availability is limited so register early!
