**Facility Partnership  
Opportunities**

**March 26 and 27, 2026**

Dear Facility Partner,

ERI is thrilled to announce the launch of its **3<sup>rd</sup> Annual Birth to Three Conference**, taking place virtually on March 26–27, 2026. Our previous conferences have been highly successful, drawing over 400 PTs, OTs, and SLPs to this virtual event. Attendee feedback has been overwhelmingly positive, underscoring the conference's impact in addressing critical needs within the birth to three population.

Facility sponsorship and partnerships not only offer discounted conference rates, but also help to build employee relationships and engagement by learning as a team. Training as a team can improve collaboration and benefit productivity. Plus, promoting team training helps employees to feel valued and that their work is meaningful. Collaborative learning opportunities for professional development in the workplace help employees to grow both personally and professionally.

Expect a thoughtfully curated conference packed with relevant, practical content tailored to therapists everyday challenges and triumphs. This conference will fuel vibrant and real-time connection with fellow participants, clinician hosts and expert speakers. Along with hands-on demonstrations and engaging presentations, participants can enjoy many meaningful Q&A opportunities that address burning questions, provide clarity or even validate shared experiences and insights

In addition to cultivating professional development in a team environment, facility partnerships provide an opportunity to increase your brand awareness and recognition in front of a broad audience of OTs, PTs, SLPs and other educators. Get in front of these decision makers by utilizing the conference WHOVA app, which provides you with a real-time, comprehensive networking opportunity during the conference.

If you have questions, or would like to customize a partnership package, please contact **Marianne Boynton** at: [mboynton@educationresourcesinc.com](mailto:mboynton@educationresourcesinc.com) or call 800-487-6530.
